

# GEOMETRO CUSTOM DESIGN QUOTE PROCESS

Tile customization usually refers to custom tiles for specific design use. These tiles can be of various colors, shapes, and finishes. Customized tiles can go to the extent of having personalized images that can be created using an Artistic or Pixel technique.

Our GEOMETRO collection offers eleven different stock patterns in different color blends, five solid colors using an **H1** Hexagon, and four solid colors using a **S2** Square rectified.

## FIRST COLLECTION

The First collection is made of a cast recycled glass with smooth edges. All patterns use a Matte (H1) Hexagon. The color blends were defined as Classic, Country, and Coastal. One of these patterns uses a two-color blend, while the rest use three.

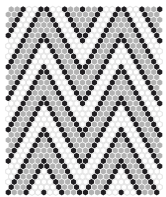

CLASSIC Blend (Cloud + Flint + Smoke)

COUNTRY Blend (Cloud + Flaxen + Smoke)

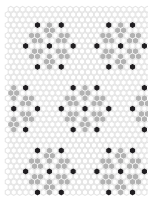

COASTAL Blend (Cloud + Dusk + Shore + Atmosphere + Glacier)

**SECOND COLLECTION**

The Second collection is made of a rectified recycled glass, a near-perfect straight edge with a flat surface. It welcomes three different shapes: (H1) Hexagon, (S2) Square, and (C1) Circle.

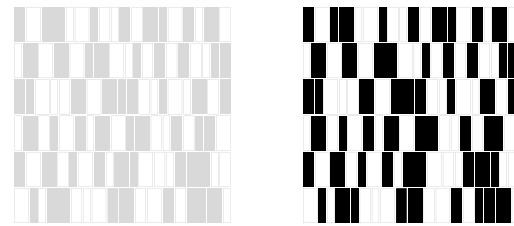

Patterns:

HYDRA      DRACO      HOPI

Solids:

CHALK (WHITE)      FROST (LIGHT GREY)      GRAPHITE (GRAY)      RAVEN (BLACK)

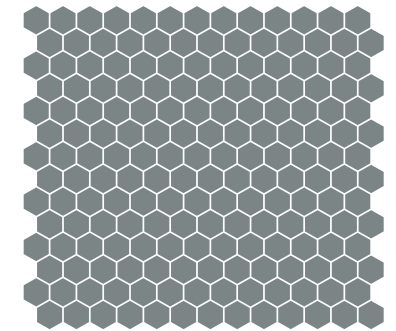

Notice both White and Black colors have different names than our first collection. This was intended to establish the difference between these stocked rectified and non-rectified products. All other colors are the same.

**Let's Explore Different Customer Requests**

Custom design can present different requirements. Some are basic and present minimum changes, while other ones are detailed oriented and will require additional information to provide a quote.

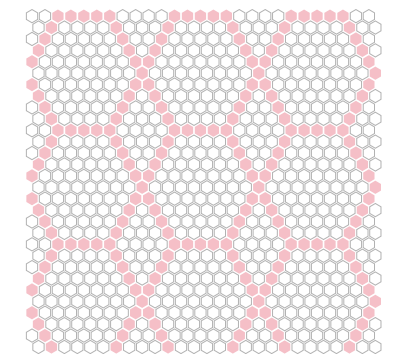

EXAMPLE Solid Shapes

- A client is requesting a particular shape in a specific color. Custom order for 100 sheets using shape (H3 7/8") Hexagon in the color "Cascade".

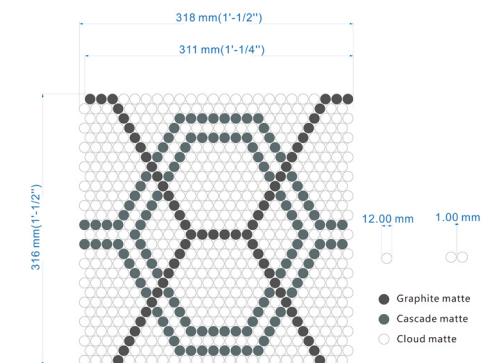

EXAMPLE Stock Patterns

- A client would like to exchange the colors used on one of our stock patterns. Pattern Tulle – It'll require to maintain the Cloud color background and change the accent one for color "Bloom".

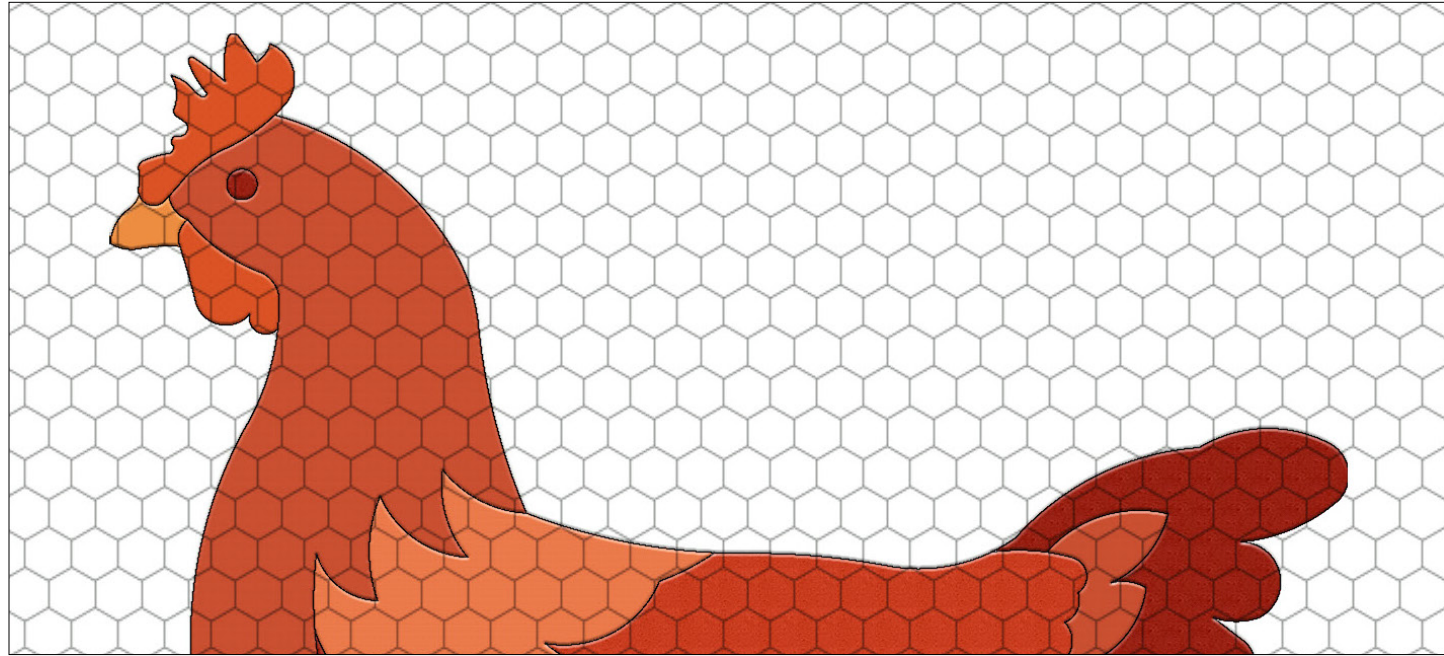

EXAMPLE New Patterns – New Color Blends

- A new pattern request using a particular shape, and colors. A pattern can be created using two or more colors.

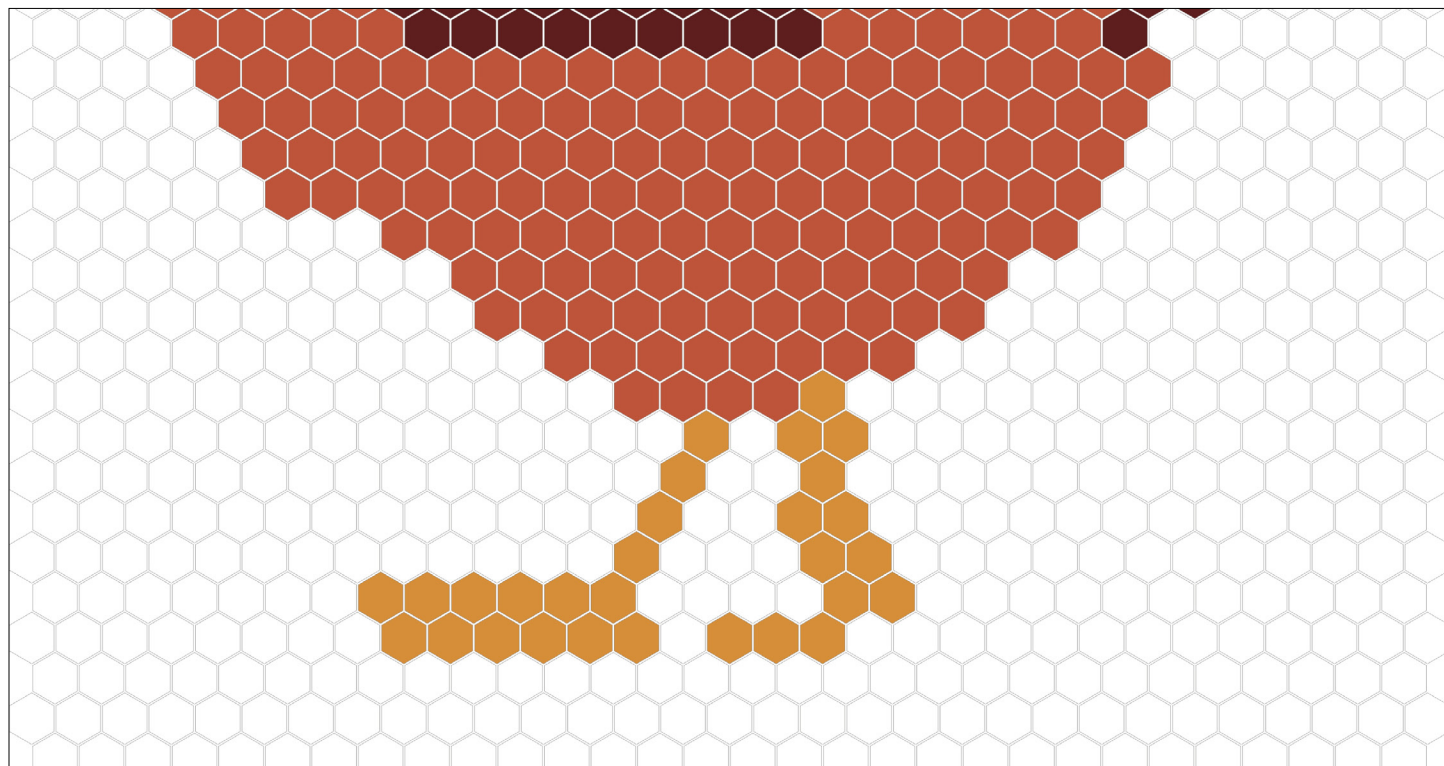

#### EXAMPLE Artistic Mosaic

- An artistic mosaic technique uses tiny parts to create a whole image or object. Mosaics are usually assembled using small tiles that can be randomly shaped to fit the design intent.
- Transform any inspiration from a fabric swatch, area rug, or photograph to an idea – into a custom mosaic design. Our team will provide you with a personalized service from beginning to completion.

#### EXAMPLE Pixel Art Mosaic

- Pixel mosaic is a modern art mosaic where colored glass pieces of a perfect shape are assembled to create the image needed. With Pixel Art, your images & designs are brought to life.

#### Information needed to provide a quote...

1. Define what version of custom design is required.

- An inspiration image or renderings must be submitted.
- CAD drawings, or PDF files associated with the design intent when available.
- A picture of the area where the custom mosaic will be applied.
- SF needed for the project.

Is it a Solid sheet in a specific shape and color?  
Is it a custom color on a stocked pattern?  
Is it a new custom pattern with custom colors?  
Is it an Artistic or Pixel mosaic?  
Is it a custom signage?

2. Make your selections

A shape, chip size and colors must be selected.  
Don't forget to specify if **rectified or non-rectified** recycled glass.  
Please refer to our COLOR PALETTE & SHAPES file on our website.

[https://nsrstone.com/wp-content/uploads/2023/06/COLOR\\_PALETTE\\_AND\\_SHAPES.pdf](https://nsrstone.com/wp-content/uploads/2023/06/COLOR_PALETTE_AND_SHAPES.pdf)

Custom mosaics allow you to mix chip sizes if part of your design intent.

3. Custom Sample Request

- Single sheets production time takes 2 – 4 weeks.
- Pixel mosaic samples production time takes 2 – 4 weeks.
- All Pixel sample sheets are subject to cost, which will be provided by our customer service center once the rendering has been received.
- No samples are available on Artistic custom mosaics.
- Sample sheets air freight lead time is 7 -10 business days from the time an official purchase order is received and processed.
- Air Freight costs will be provided by our customer service center.

4. Order submission

- All custom orders' lead time is 8 – 12 weeks from the date a customer has signed off the special-order form, along with an official purchase order and full payment has been received.
- There are no returns or exchanges on custom orders.
- Air Freight is optional; the cost will be provided by our customer service center.

# CUSTOM

When you're creating a dream project, a great deal of time and effort goes into decisions about furniture, cabinetry, flooring, walls, and upholstery, fabrics, and other custom accessories. With our custom mosaic program, you can ensure that the quality and visual appeal of your hard surfaces matches the elegance and luxury of the rest of your vision.

Custom mosaics are one of those times in which patience is amply rewarded. With a lead time of just 8 to 10 weeks, a home or commercial space can be fully outfitted in unique custom tile designs, materials, and finishes.

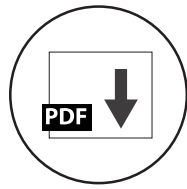

And because we are a factory direct fashion house, with no middleman, your investment could be half or less compared to other custom options.

## How to start with your Art

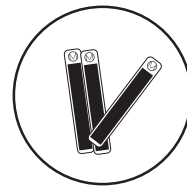

### CONTACT US

Every custom project starts with a conversation, whether by email or on the phone, to get to know your project a little bit better. What are the space dimensions? What's your style? Have you already decided on colors, patterns, materials, and other details...or do you want to explore your options?

### MOCKUP

We require CAD or a detailed drawing set to provide a first rendering within 24 hours. This step is where you review, in detail, the request & make the necessary changes before your final rendering. This guarantees both the dimensions provided & colors chosen are correct.

### MATERIAL SAMPLE

At the same time as making your mockup, we will send off complimentary swatch samples of the materials you've specified. This is for you to review and understand the hue, texture & finish of the material selected. Make sure to check the sample in the space it is intended for to understand what lighting can do.

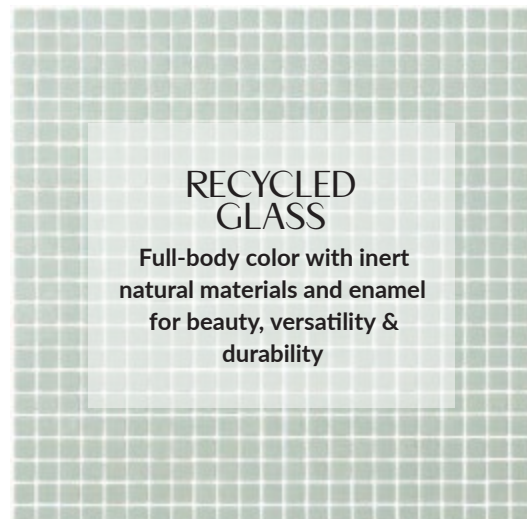

### STRIKE-OFF

We also offer the option of a sample strike-off that exactly replicates your pattern and materials—allowing you to experience the tile during various times of day with different types of natural and artificial light to confirm that it's the one that speaks to you.

**PRO TIP** → *We suggest starting your custom design by 1st selecting a material & 2nd selecting a technique. This will drive the style of your project like choosing a paint medium. Recycled & Kaleidoscope glass are perfect materials to get the right detail, color & effect.*

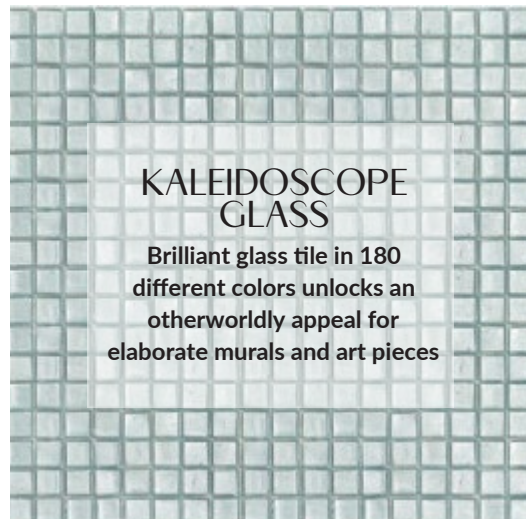

## Materials - Distinctive & Versatile

To execute your design, we curate the finest, most unique materials available from around the world, ensuring that your project is custom in every sense of the word.

# RECYCLED GLASS

A World of Color

Finish: matte  
polished  
iridescent

Edge: cast  
rectified

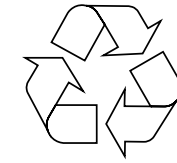

---

Recycled Glass spans 130 striking colors-including options of 3 finishes: polished, matte & iridescent. Including 2 edge finishes; cast and rectified. Crafted entirely from recycled glass. Colored with inert natural minerals & enamel, it is a full body product immune from fading or discoloration, showing equal color thru & thru. Versatile as it is beautiful. Our recycled Glass collection is an excellent choice for both vertical and horizontal surfaces, both indoors and outdoors as well as Commercial applications & fully submerged in pools & spas.

## SUSTAINABILITY

Made from 98% pre-consumer recycled glass  
 Tiles are mounted on 96% pre-consumer material including both the mesh and glue  
 Lead-Free  
 Non-Toxic  
 No VOC off-gassing

STYLE &  
INNOVATION

We create distinctive artisan tile designs—from sophisticated and classic to wildly avant-garde—but what makes us different is the ingenuity to bring them to reality. We cultivate techniques and styles from around the world, developing innovative production methods and finishing standards through our global factory partnerships. For creative designers and luxury showrooms, we're the rarest of surface design studios: combining a unique palette of materials, colors, and finishes with outstanding sourcing and project management.
