

**BASALT**

## BASALT

- Hard volcanic rock characterized for its fine-grained and random small holes due to rapid cooling of lava on the surface of the planet.
- Color ranges from dark Grey to Black. Excellent choice in contemporary design
- Durable and versatile.
- Naturally hardwearing and resilient, allowing for installation in various applications.
- Suitable for commercial, residential, floors, walls, countertops, wall cladding, & pools.
- NSR's Basalt collection welcomes fourteen SKUs in different finishes and formats, including mosaics and modern profile Trims.
