

RAVELLO

RAVELLO

- NSR's new Texture collection welcomes a combination of the aesthetics qualities of natural stone and the simplicity of rhythmic vertical and horizontal lines.
- Ravello's neutral palette offers a tasteful, sleek composition, bringing a tangible sense of calm and balance to any background.
- This collection features three different materials: White Carrara Marble, Lymra Limestone, and Basalt Black in three different sizes: 6"X24", 12"X24" and 18"X36".
- Two distinct finishes are available: FENCE, featuring groove lines running vertically, and HORIZON, with lines running horizontally.
- Ravello texture tiles are distinguished by their grooved lines, which can be oriented vertically or horizontally. These unidirectional lines are engineered to be installed following a specified groove direction, ensuring dynamic light and shadow effects. Adhering to the recommended installation orientation is crucial, as any deviation will lead to noticeable inconsistencies in texture and overall aesthetic.
