

ANTIGO LIMESTONE

## ANTIGO LIMESTONE

- Discover the charm of our Antigo Distressed Limestone collection, featuring a thoughtfully selected range of four materials in a rectangular Shape, 16" x 24" x 5/8" thickness.
- Each tile showcases a distinct array of colors and shades, enhanced by its aged edges, gently textured surfaces, and smooth finish.
- The Lindoso Blend features a harmonious combination of oatmeal and off-white shades, enhanced by delicate soft grey undertones. This results in a sophisticated organic appearance with a subtle contrast.
- The Lagos Blue Blend presents an elegant combination of soft grey and subtle blue hues, creating a cool and balanced visual appeal.
- The Monsanto Blend features a sophisticated mix of cream and taupe tones, accentuated by warm gold undertones that create a sense of depth and inviting warmth.
- The Sintra Blend presents a soft, neutral foundation enriched with delicate hints of beige and off-white, complemented by a concrete grey hue. This combination creates a versatile aesthetic that integrates effortlessly into both transitional and traditional design settings.
- NSR's marketing materials consist of 24x24 display boards, 7x14 ID cards that highlight all four blends, 4x6 samples, and a catalog.
