

4XFREE LENGTH

## 4XFREE LENGTH Veneer

- The 4XFREE Length selection from NSR presents a premium range of split-face stones, encompassing limestone, travertine, and quartzite.
- Though different in lengths, this veneer comes in 4" height with 4" x 7-1/2" corner options.
- A collection that showcases soft neutral colors and textures, with each distinctive piece being adaptable for a variety of applications.
- Embracing the rustic beauty of the raw landscape, our 4XFREE natural stone collection add depth and character to any façade option and gracefully blend the boundaries between interiors and exterior applications.

8XFREE LENGTH

## **8XFREE LENGTH**

### **Stone Veneer**

- The NSR 8XFREE Length selection offers an exquisite array of split-face stones, featuring limestone, travertine, and quartzite. This stone veneer maintains a uniform height of 8 inches with random lengths, while corners are offered in dimensions of 8" x 7-1/2".
- The collection features a palette of soft neutral tones and a variety of textures, ensuring that each distinct material is well-suited for multiple uses while embodying the rustic allure of natural landscapes.
- This premium veneer serves as an ideal enhancement for facades, effectively connecting interior and exterior designs. It is also well-suited for use in fireplaces and as a striking feature on walls.
- NSR offers a range of marketing materials, including 12x24 display boards, 8x10 samples, and a detailed catalog.
