

CREMA MARFIL

CREMA MARFIL

Introducing CREMA MARFIL marble. One of Spain's most iconic stones, celebrated for its soft beige tones and subtle veining. Available in two distinct selections:

- **Crema Marfil Select** has a very uniform light beige color with minimal variation and subtle veining, offering a clean and consistent appearance. It features few to no imperfections, giving it a refined, modern, and high-end look.
- **Crema Marfil Classic** features a warm beige tone with moderate color variation and visible veining, sometimes including fossils or natural imperfections. It offers a traditional look with more character, ideal for traditional or rustic designs.
- NSR's collection features a wide range of tile sizes available in both honed and polished finishes, complemented by an assortment of mosaics, trims, and slabs—making **Crema Marfil** a highly versatile choice for everything from classic to contemporary design projects.
- Applications: Flooring, Countertops and Vanities, Shower Walls & tub surrounds, Backsplashes, Staircases, Fireplace surrounds, and Wall Cladding.
- Marketing Materials include 3x6 tile samples, 12x24 tile & trims display, 7x7 and 7x14 ID cards that are part of NSR countertop display program, and a Marble catalog.
