

## AVORA Customization

AVORA offers fully customizable recycled glass mosaics tailored for specific design applications.

Customization can range from refined color and shape selections to fully personalized designs, including imagery created through Artistic or Pixel mosaic techniques.

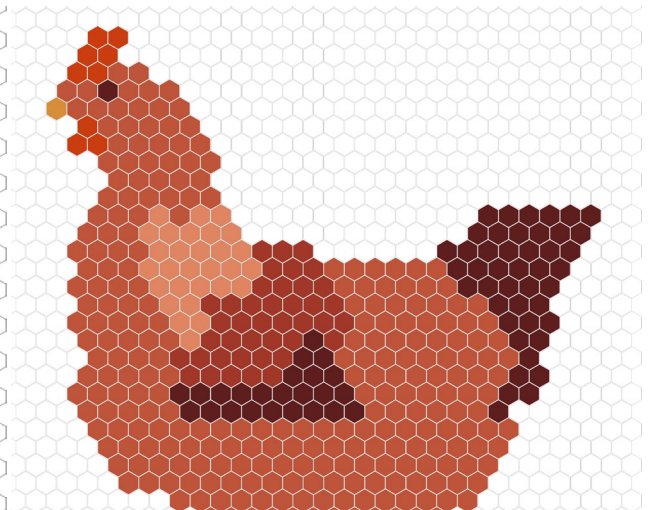

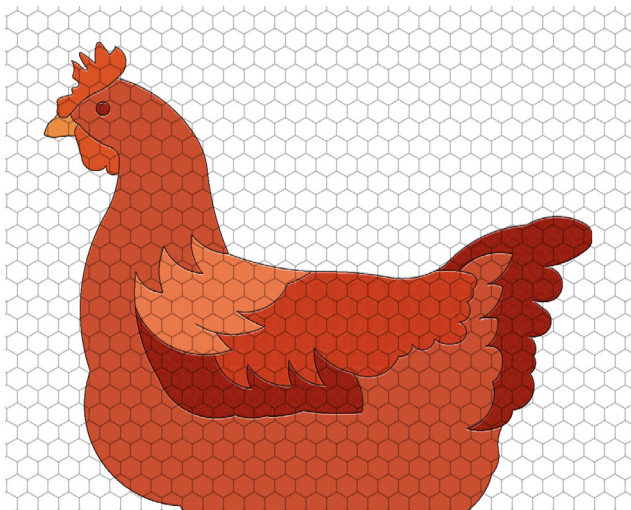

Every pattern can be adjusted in color, shape, scale, and finish to meet the unique requirements of any project.

## Customization Specs

- Color Palette: Over 100 colors available.
- Shapes: 60 distinct shapes.
- Finishes: Matte and Polished options.
- Scope: Ranges from refined color selections to fully personalized imagery using Artistic or Pixel techniques.

## Custom Design Techniques

	<b>Artistic Mosaic</b>	<b>Pixel Mosaic</b>
<b>Approach</b>	Traditional; uses individually shaped pieces to create fluid, organic compositions.	Contemporary; uses uniform shapes to build imagery with precision.
<b>Best For</b>	Intricate patterns, curves, and custom artwork.	Logos, graphics, and clean, structured visuals.

## Versatile Performance

AVORA glass mosaics are engineered for durability across a wide range of applications:

- Environments: Indoor and outdoor settings.
- Conditions: Wet and dry areas, including pools and fully submerged applications.
- Sectors: Residential and commercial spaces, including heavy-traffic flooring.

## Sustainability & Material

AVORA is manufactured with a strict commitment to environmental responsibility:

### Composition

- Glass Tiles: Made from 98% pre-consumer recycled glass.
- Backing: Composed of 96% pre-consumer recycled material (mesh and adhesive).

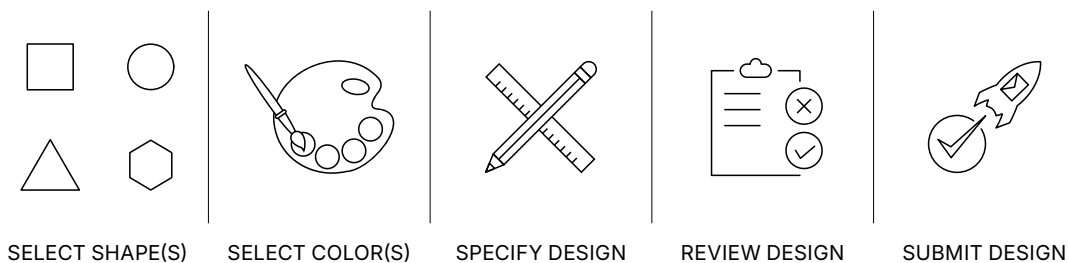

### Health and Safety

- Non-Toxic: Lead-free with no VOC off-gassing.
- Production Process: Manufactured by grinding recycled glass into a fine powder and forming tiles under high pressure and heat.

## Custom Order Process

AVORA Customization requests are fulfilled through our authorized dealer network.

NSR offers a curated selection of glass mosaics, but when a project calls for a more personalized approach, our customer service team will collaborate with you from concept through completion, helping refine and develop your design every step of the way.

Send your completed request to [csr@nsrstone.com](mailto:csr@nsrstone.com) for pricing and lead times.
