

2X8 TILE COLLECTION

2X8 TILE COLLECTION

- NSR offers a diverse collection of seven materials, including marble, limestone, and sandstone, each showcasing a unique character and available in a variety of colors that cater to specific design concepts.

- The versatility of 2X8 tiles is one of their most attractive features. Their rectangular form supports a wide range of installation patterns, such as herringbone, subway, and straight lay designs. This adaptability allows both homeowners and designers to express their creativity, resulting in stunning visual effects in any space.

- Tumbled and distressed tiles are distinguished by their softer surfaces and irregular edges, giving them a vintage appearance. Unlike honed or polished tiles, the colors of tumbled tiles tend to be more subdued, and it is common to find chips and cracks that enhance their worn aesthetic.

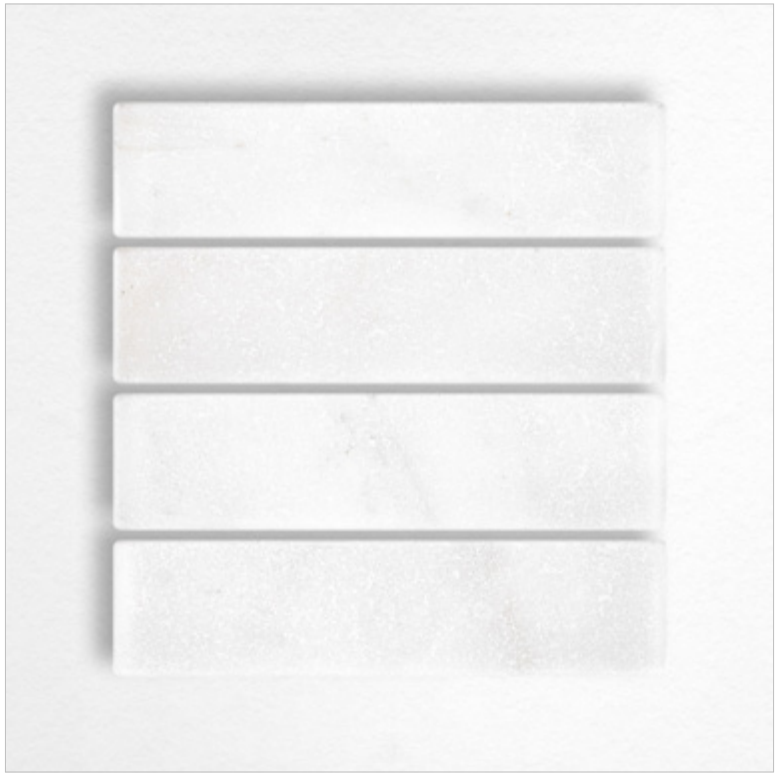

- Marketing displays encompass a variety of materials, including library boards, 7x14 ID cards that are part of our NSR countertop display set, 8x12 display boards, and 2x8 loose samples.

THASSOS WHITE

Marble

2x8x3/8

Finish: Tumbled
Color: White

WHITE CARRARA

Marble

2x8x3/8

Finish: Tumbled

Color: Light Grey, Medium Grey, White
