

STONE VENEER
COLLECTION

NSR'S STONE VENEER COLLECTION

Discover the beauty and versatility of NSR's Stone Veneer Collection, featuring Ledger Panels, Free Length Stone Veneers, and Thin Brick. Sourced from quarries around the world, these premium natural stones bring texture, depth, and timeless character to any space inside or out, residential or commercial.

Each collection offers a carefully curated color palette, making it easy for homeowners, designers, and architects to find the perfect stone for every project. From classic neutrals to contemporary tones, NSR stone veneers provide style, quality, and performance that last.

Ideal for vertical applications such as facades, feature walls, fireplaces, columns, and landscaped areas, the collection also includes Thin Brick, which can be used on both walls and floors, combining flexibility with the natural beauty of stone.

Explore our full range and detailed product information at NSRstone.com. For guidance on best practices and the lasting value of natural stone, visit the Natural Stone Institute at naturalstoneinstitute.org

Applications & Specifications

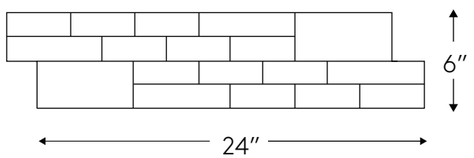

COMMERCIAL | RESIDENTIAL | INTERIOR | EXTERIOR | WALLS | CLADDING

BACKSPLASH | FIREPLACE | PILLARS | POOL SURROUND | LANDSCAPE | FLOORING THIN BRICK ONLY

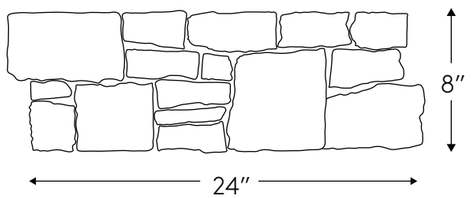

Sealing is recommended to enhance durability and long-term performance, particularly in moisture-prone or high-exposure applications.

LEDGER PANELS are especially valued for ease of installation, dimensional texture, and their ability to create a stacked-stone look with consistent alignment making them a popular choice for both modern and rustic designs.

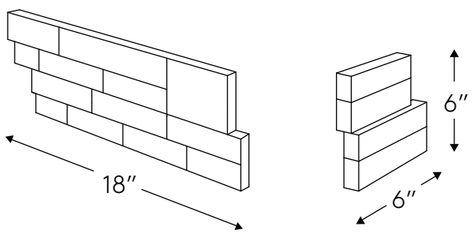

LEDGER PANELS 6X24

LEDGER PANELS 8X24

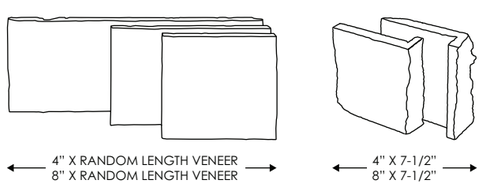

LEDGER CORNERS 6X, 6X18

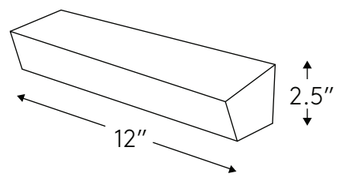

4XFREE and **8XFREE** stone length veneers showcase natural texture and varying stone lengths, delivering a distinctive, handcrafted appearance that enhances walls and architectural features both indoors & outdoors.

4XFREE / 8XFREE VENEER & CORNERS

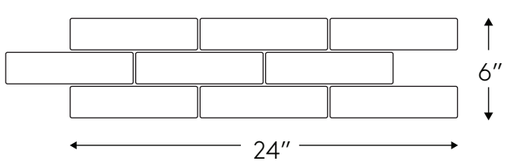

WAINSCOT 12X2.5

THIN BRICK MESHED, at 3/8" thickness, combine authentic brick texture with lightweight versatility. Perfect for walls interior, exterior, or backsplashes, and suitable for light-traffic floors, they provide a distinctive, handcrafted character with easy installation.
